9. Internal Control System:

Internal control is essential to the application of the governance system, as it aims to establish an assessment of the risk management framework, to examine the effectiveness of the control and properly applying of the governance, and to ensure that the company and its employees comply with the provisions of laws, and the internal policies, as well as reviewing the data that presented to the senior management of the Company. It is also a crucial and necessary basis to ensure the accuracy of the financial statements. Accordingly, and in accordance with the rules of the governance, the Board of Directors of the Company (in the meeting No. 1/2010) decided on 22/02/2010 to establish The Internal Control Department, and should be directly reporting to the Board (according to the rules of governance). The Internal Control Department periodically submits written reports to the Board of Directors on the procedures, findings and recommendations reached by it and with absolute transparency. The functions entrusted to it shall be carried out in accordance with the above-mentioned resolution.

Internal Control functions are as follows:

- 1. Evaluate the Enterprise Risk Management framework applied in the company.
- 2. Ensure that the company adherence to the Corporate governance requirements.
- Ensure the commitment of the company and its employees to the provisions of the laws, regulations, and the internal policies and procedures.
